15 rue Elzévir - 75003 Paris

à 100 m du musée Picasso - Métro: St Paul

--

Islam Zian-Alabdeen was born in Khartoum, Sudan, in 1969. At the age of 17 he began exhibiting his work in a town situated South of the blue Nile. This is when he first came accross the Berta nomads and discovered their livestyle and music.

Inspired by ancient civilizations, symbolism is omnipresent in his art which paves the way to reverie and storytelling.
